ABOUT ME

Hi, I'm Nabilla Sulistyaningrum, a Bachelor's student in Information Systems at Gunadarma University with a strong interest in the creative industry, particularly in UI/UX design and graphic design. I have worked on several design projects through organizational activities and academic assignments. Currently, I am continuing to develop my skills so that we can collaborate in the future and create more exciting projects together.

BREAK ORDER

Project GDGOC UG

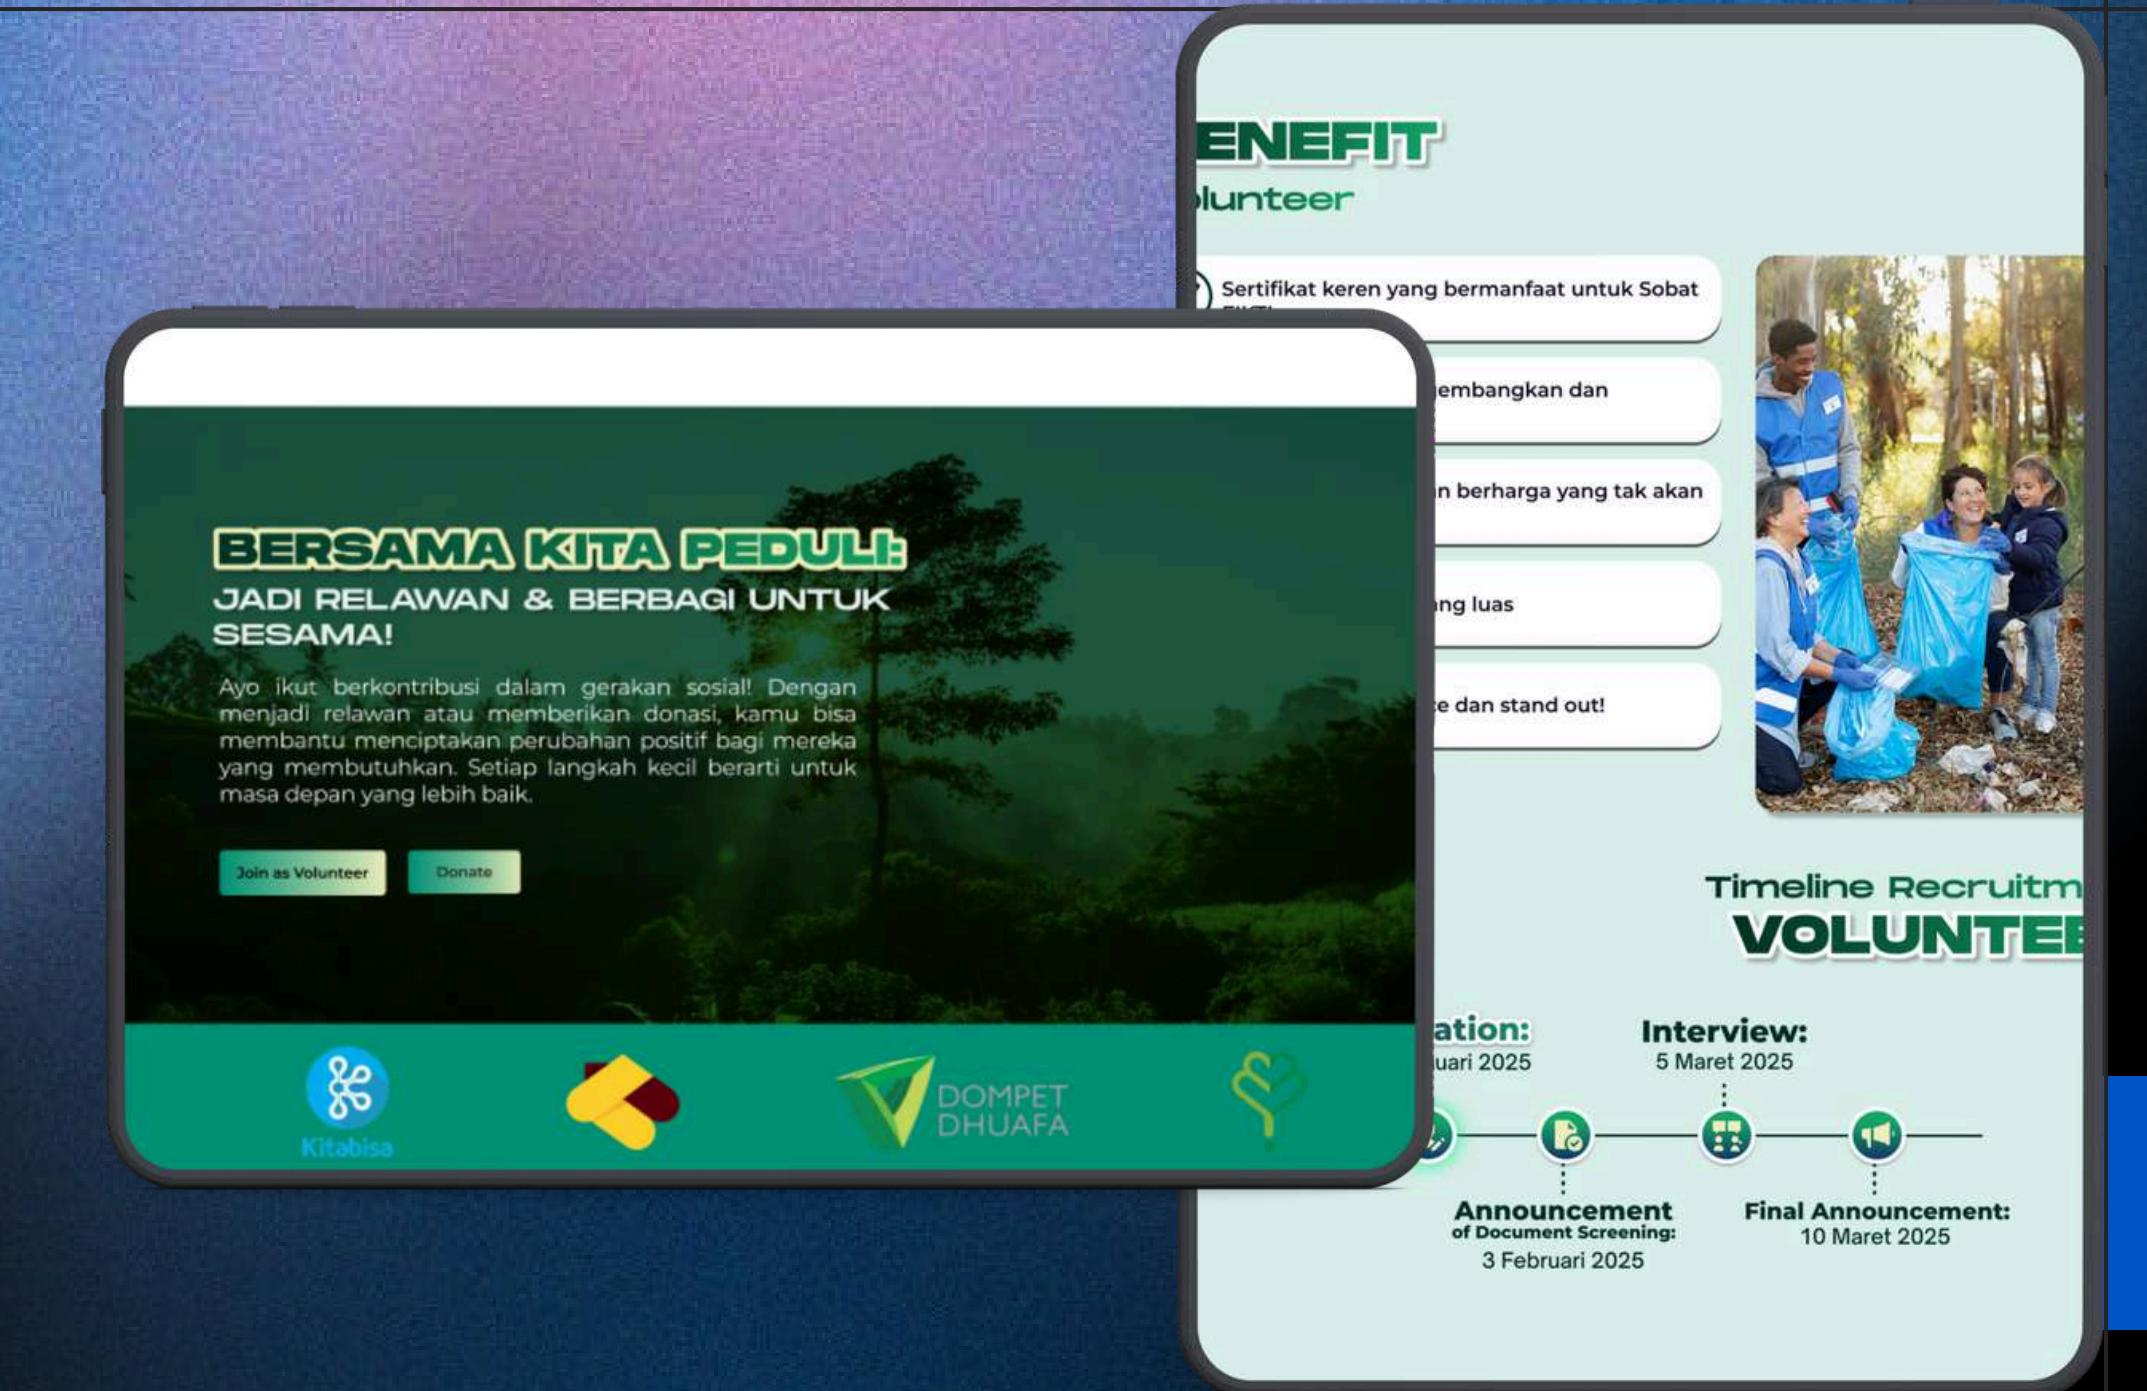

BreakOrder is a UI/UX design project developed as part of the Weekly Class program by GDGOC (Google Developer Student Clubs – Universitas Gunadarma).

DONASI FIKTI UG

Project Speasial Skill

Donasi FIKTI UG is a UI/UX design project created as the final outcome of the Bootcamp Special Skill UI/UX, an intensive training program focused on developing user interface and user experience design skills.

UG CORNER

Project Human-Computer Interaction course.

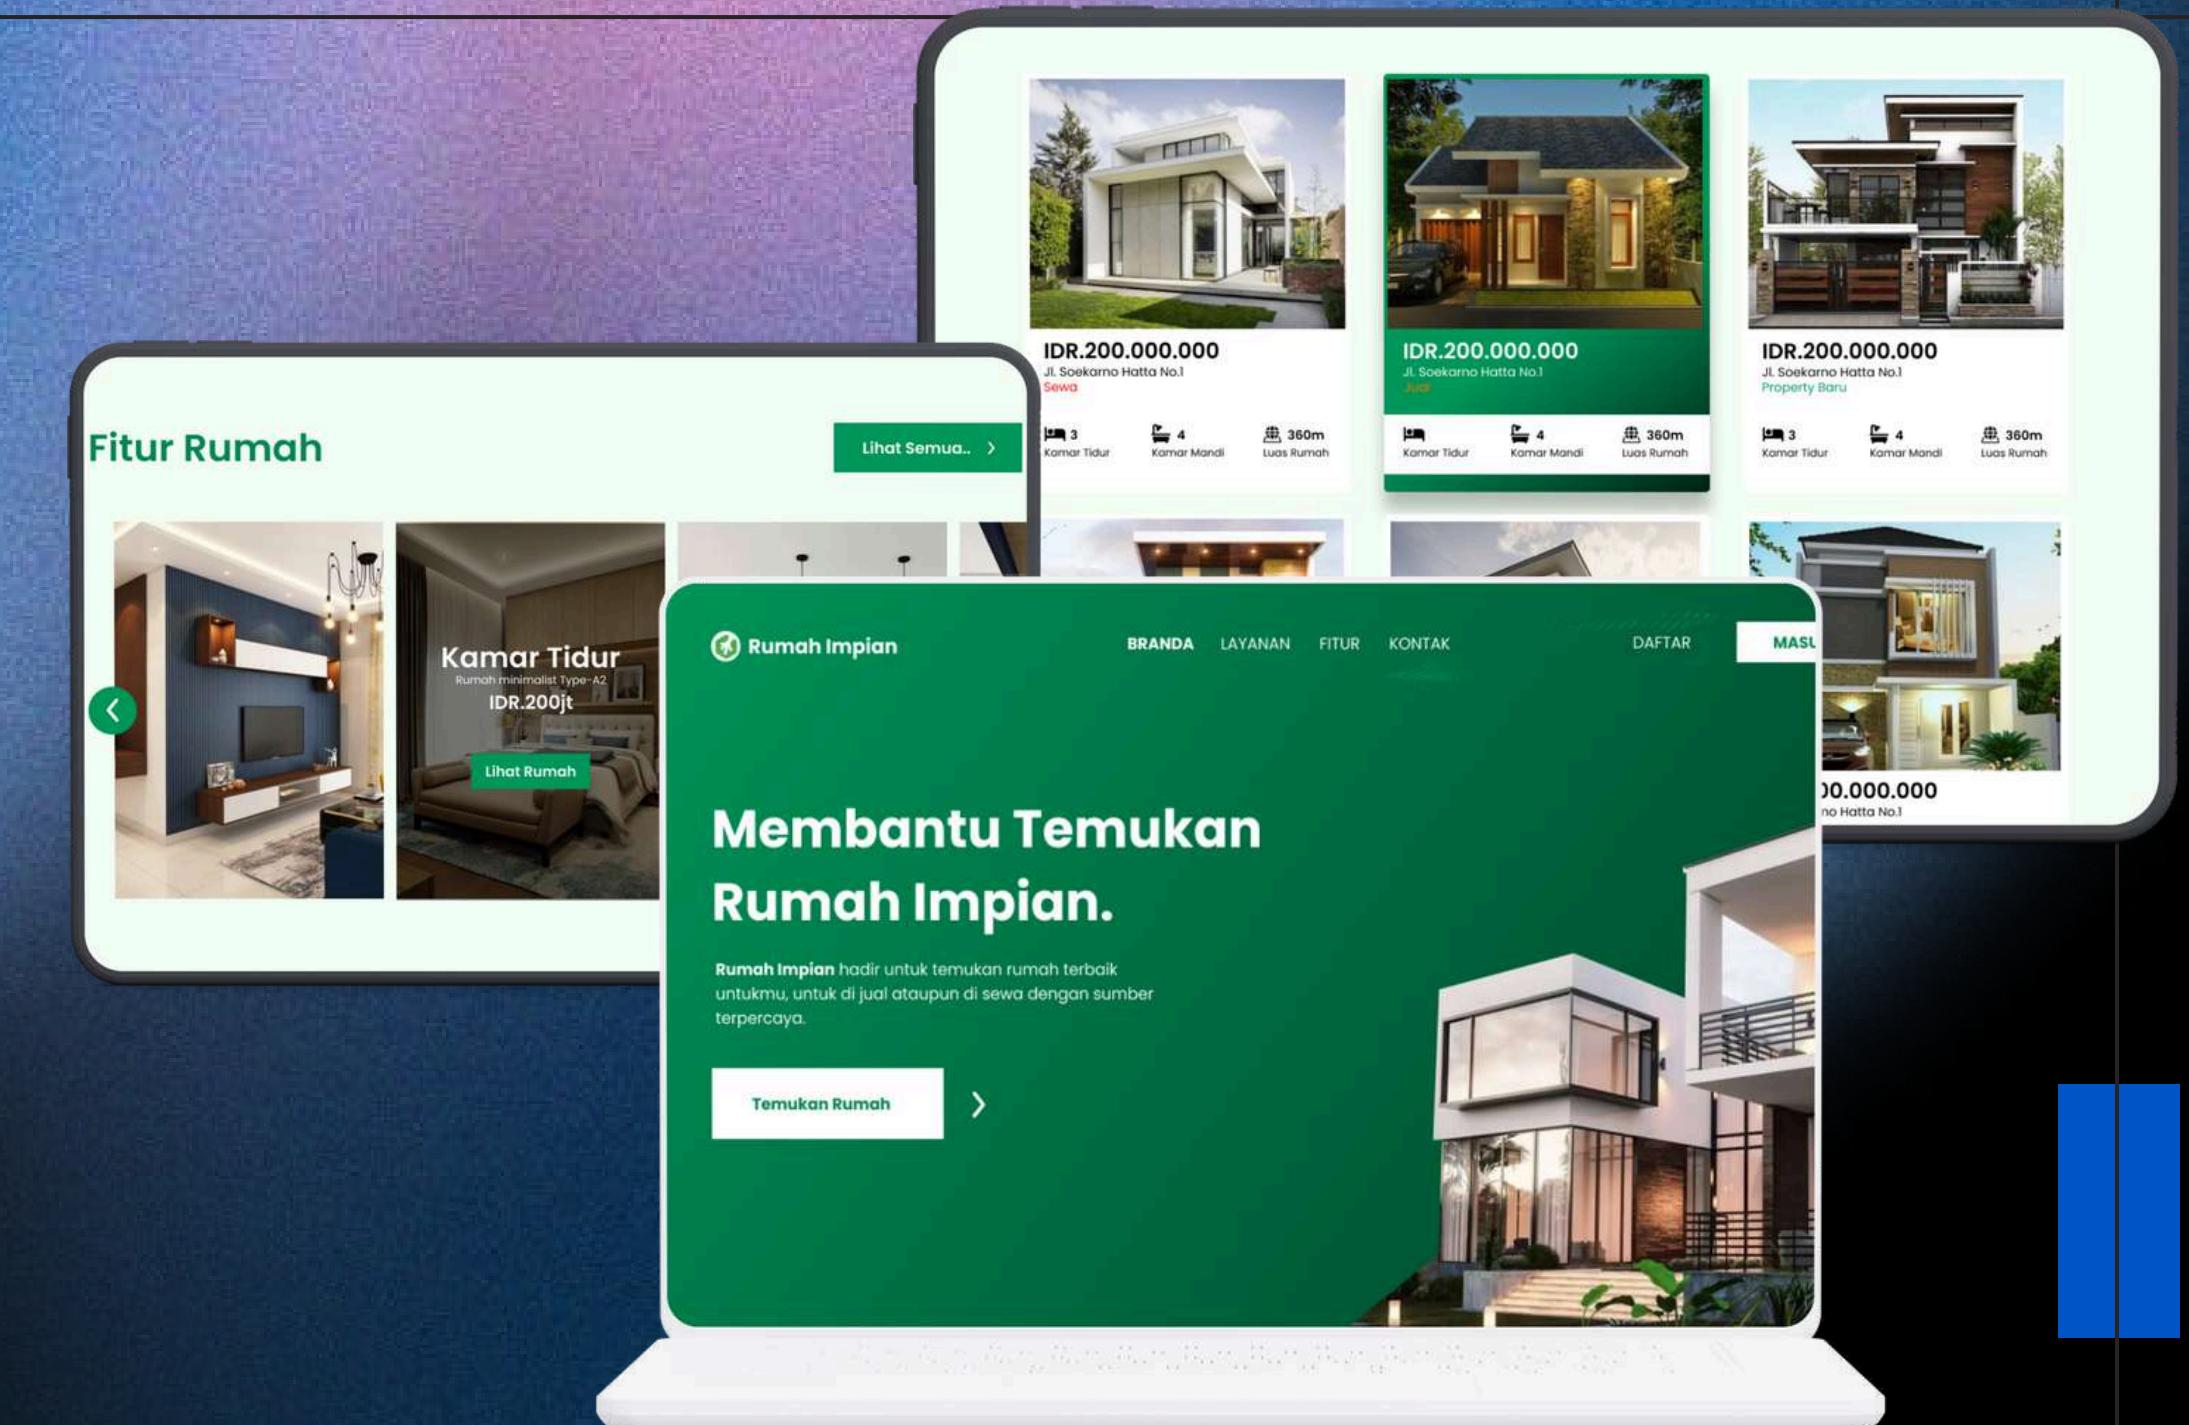

UG Corner is a UI/UX design project developed for the Human-Computer Interaction course. The project aims to create a digital platform that serves as an information hub for Universitas Gunadarma students, providing easy access to campus news, events, announcements, and student services.

RUMAH IMPIAN

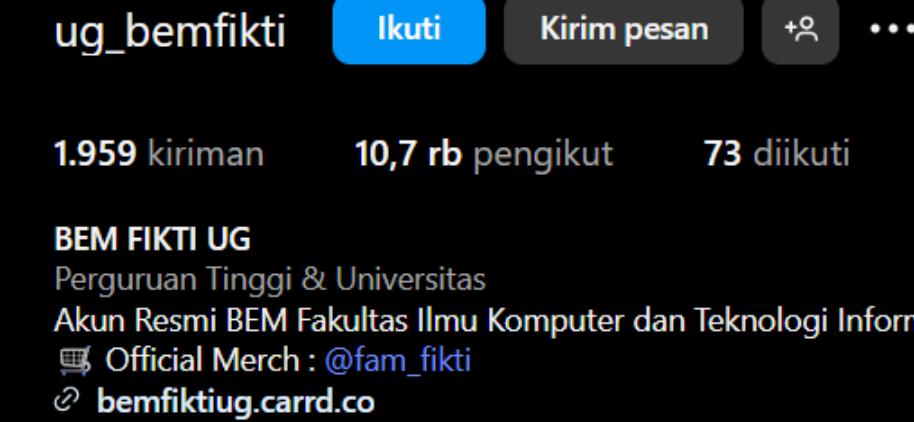

Project Workshop Technofair 11.0

Rumah Impian is a UI/UX project created during the Technofair 11.0 Workshop. It focuses on designing a smart home app that lets users visualize and manage their dream home with a modern and user-friendly interface.

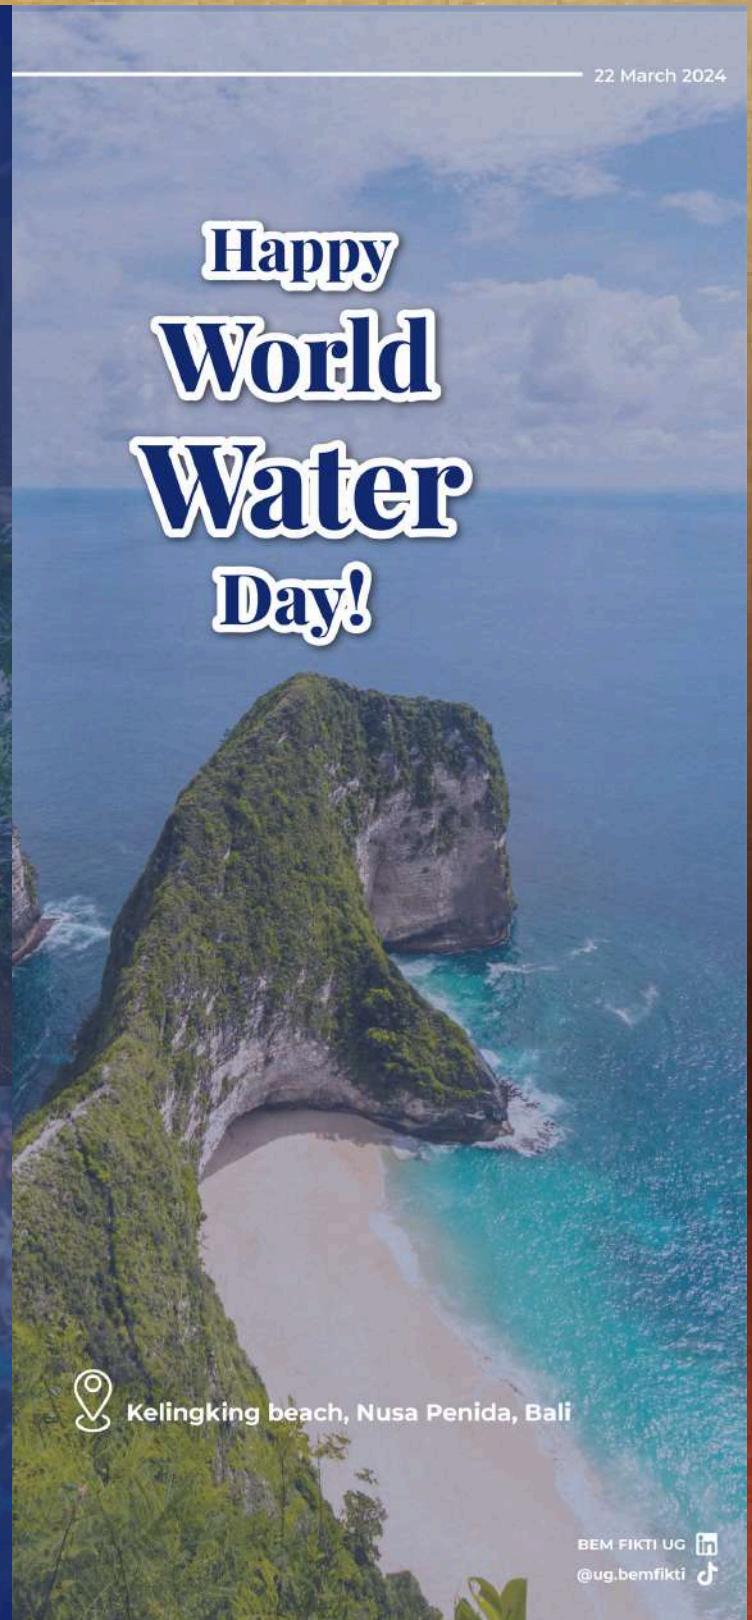

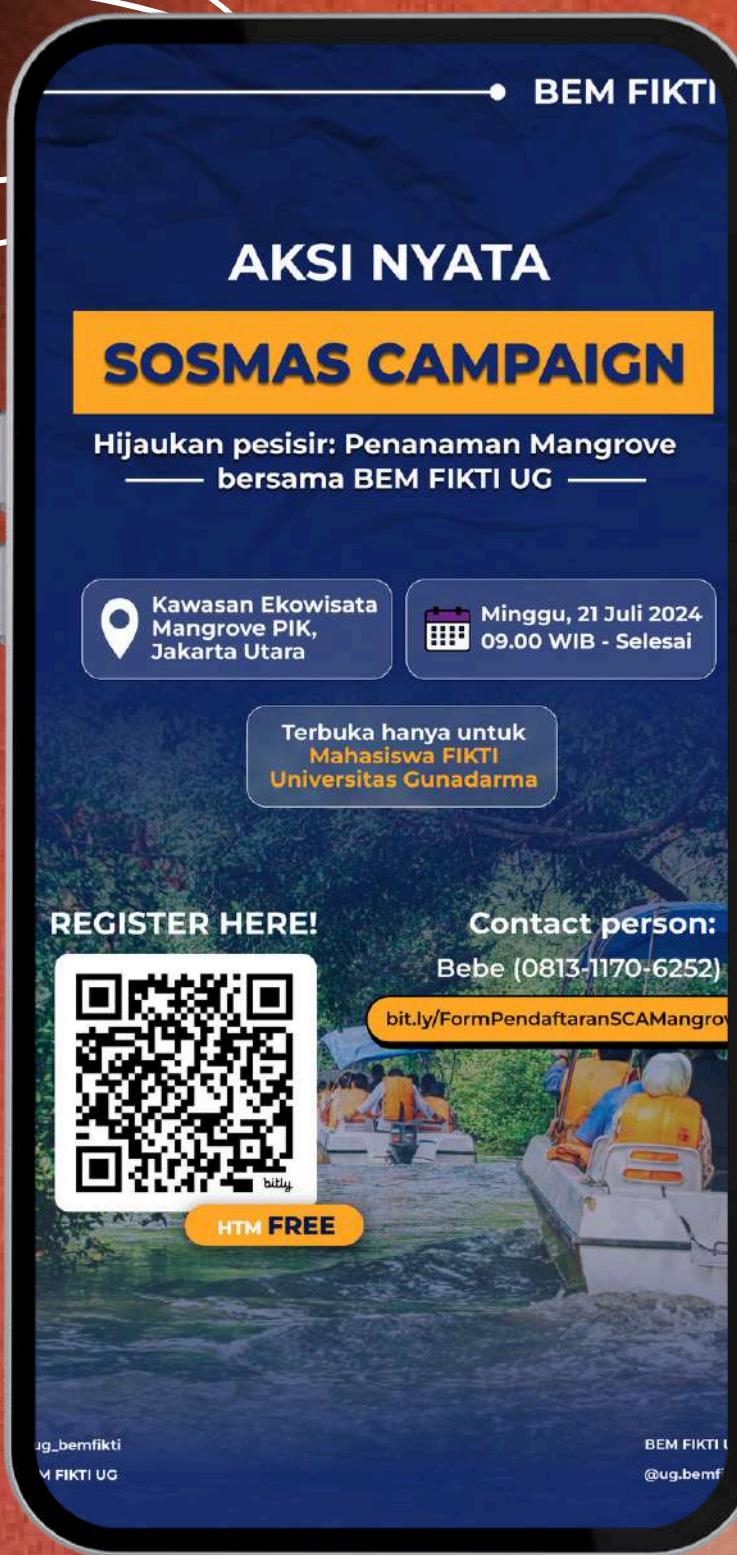

SOCIAL MEDIA DESIGN

UG_BEMFIKTI

Digital imaging design for Instagram feeds and big day greetings, including content for special days such as Environment Day delivering engaging visual messages aligned with the organization's branding.
